Dear Carl (General):

Thank you very much for your wonderful portrayal of General George Washington at our George Washington Dinner on February 13, 2010. From the many comments we received following your presentation, I may confidently assure you, that those in attendance were pleased and delighted with your work. We were especially impressed by your command of the tenor of Washington's character and the way his mind worked and how he came to the conclusions he did. You were masterful in bringing Washington's wisdom to a modern audience.

I am sure that we will again request the presence of George Washington at a future dinner and we would be delighted if your schedule would permit your attendance.

Yours Very Truly,
